

Siamo stati al SfRBM 2019, 26th Annual Conference Las Vegas

The Society for Redox Biology and Medicine's 26th Annual Conference (**SfRBM 2019** ^[1]) has been held successfully on November 20-23, 2019, in Las Vegas, NV, USA, at the Planet Hollywood Resort & Casino.

SfRBM 2019 has featured four days of scientific communications, including morning plenary lectures, afternoon poster sessions, and evening social events.

PLENARY SESSIONS

9:30 am - 12:00 pm | Thursday, Friday, Saturday

Plenary sessions, which were held during each morning of the Annual Conference, were comprised of speakers who presented on a variety of topics related to redox biology and medicine.

- Intracellular Metal Trafficking: Consequences for Redox Enzyme (alternative) Activities
- Oxy-Inflammation, Redox Signaling and Autophagy: Crosstalk in Health and Disease
- Beyond the Cell: Oxidation of the Extracellular Matrix in Development, Disease and Treatment
- Nrf n' Turf: Nrf2 Redox Signaling and Strategies to Drug Cancer Cell Metabolism
-

Redox Signaling in Exercise Adaptation

Among the plenary sessions, the one entitled “

Oxy-Inflammation, Redox Signaling and Autophagy: Crosstalk in Health and Disease

” was organized by Prof. Saverio Francesco Retta, from the University of Torino, Italy, and featured four plenary lectures.

THURSDAY, NOVEMBER 21, 2019

PLENARY SESSION 2

9:30 am - 12:00 pm

Oxy-Inflammation, Redox Signaling and Autophagy: Crosstalk in Health and Disease

Chairs: Saverio Francesco Retta, Ph.D., University of Turin, Italy, and Jianhua Zhang, Ph.D., University of Alabama at Birmingham, USA

This session aims at highlighting current knowledge of the crosstalk between redox signaling and autophagy, including its role in health and disease.

9:30 am - 10:00 am

Autophagy, Mitochondria and Oxidative Stress: Crosstalk and Redox Signaling

Jianhua Zhang, Ph.D., University of Alabama at Birmingham, USA

10:00 am - 10:30 am

Crosstalk Between Redox Signaling and Autophagy in Cerebral Cavernous Malformation Disease: From Basic to Clinical

Saverio Francesco Retta, Ph.D., University of Turin, Italy

10:30 am - 11:00 am

Break

11:00 am - 11:30 am

The Pharmacology of Mitochondrial Cholesterol in Redox Signalling, Quality Control and Retrograde Signaling

Michelangelo Campanella, PharmD, Ph.D., University of London, UK

11:30 am - 12:00 pm

Autophagy Modulation for Precision Cancer (immuno)Therapy

Lorenzo Galluzzi, Ph.D., Weill Cornell Medical College, USA
